- Proactive and team-oriented with demonstrated success at assuming positions of leadership.
- Excellent interpersonal and relationship management skills.
- Proven ability to convey complex concepts to individuals with different backgrounds, skills and learning styles.
- Strong administrative and organizational skills with demonstrated ability to oversee and complete projects, organize tasks efficiently and successfully.
- Capable and dedicated multi-tasker with careful attention to details; fast and motivated learner.

TECHNICAL SKILLS

Java, HTML, CSS, SQL, JavaScript, JQuery, AJAX, React, Angular JS

EDUCATION

SCHOOL OF EVOLVING TECHNOLOGIES (PCS), Lakewood, NJ

2019 – 2021

Intensive and comprehensive program focused on developing critical, real-world web and application programming and design skills. Developed practical applications in several technical languages.

Class President:

- Act as liaison between students and professors.
- Facilitate access to labs and assignments and resolve issues for students.

Assistant Lab Instructor:

- Asked to fill in for Lab Instructor for new class of students; assist students with programming assignments.

Select Projects:

- Created and designed a Google chrome extension that modifies the user's checkout page to find the words "Order Total" and replace them with the user's number of hours/days worked as payment for the item. This allows the user to clearly see the cost of the purchase in terms of labor required and effectively prevents impulse shopping. Utilized JavaScript, HTML and CSS to develop program.
- Developed event timer to count down to a specific occasion such as a birthday or anniversary. User inputs the date and a counter is displayed showing the number of days until the awaited date. Utilized webpack and JavaScript.

MAYAN HATORAH, Lakewood, NJ

2019

Bachelor of Talmudic Law
